Salt Lake City, Utah 84114

Dear Mr. Smith:

We met with Lee Mining Company in a pre-design conference on May 31, 1984 at 10:00 A.M. to discuss the proposed precious metal extraction operation in Juab County.

Lee Mining Company will submit analysis of the tailings to be processed and the resulting filter cake for heavy metals, E.P. toxicity and reactivity. Based on that information a permit will be considered.

We feel the tailings will be less toxic and the old mill site in better condition following the processing of the tailings.

Sincerely,

Dennis R. Dalley
Assistant Director
